Are you involved at CHS or in the community?

Why? Most college applications ask about your activities. That's because the things you do in your free time reveal a lot about you – in ways that grades and test scores can't. Your accomplishments outside the classroom show what you're passionate about and that you have qualities valued by colleges.

- Serving in student government shows that you have leadership skills.
- Being on the track team through high school shows that you're able to make a long-term commitment.
- Doing volunteer work at a hospital shows that you are dedicated to helping others.
- Working a part-time job while keeping your grades up shows that you are responsible and can manage your time.

What's Next.....

- Keep grades up!
- Keep record of involvement/volunteer work
 - Attend college visits
- Be fully registered for NCAA (if applicable)
 - Start preparing for the SAT
- Create an account on College Green Light for scholarships
(<https://www.collegegreenlight.com/page/account/createStudent.jsp>)
 - Visit with colleges at CHS
